

NEW

## Entry level analytical balance with compact housing

### Features

- KERN AXE: Automatic internal adjustment, guarantees high degree of accuracy and makes the balance independent of its location of use
- KERN AXS: Adjusting program CAL for quick setting of the balance accuracy, external test weights at an additional price Very fast display: steady weight values within 3 s
- Simple and convenient 5-key operation
- Large glass draught shield, standard Large glass draught shield with 3 sliding doors for easy access to the items being weighed. Weighing space W×D×H 175×150×205 mm
- The main scope of applications is:
  - Jewellery industry
  - Quality laboratories
  - Schools and universities

### Technical data

- Large backlit LCD displays, digit height 16 mm
- Dimensions weighing surface, stainless steel,  $\varnothing$  80 mm
- Permissible ambient temperature 15 °C/25 °C

#### STANDARD

#### OPTION
